14:00–14:30

SUSY flavour / Flavour sector in BSM scenarios

Speaker

Andreas Crivellin

14:30–15:00

ϵ'/ϵ

Speaker

Christopher Sachrajda

15:00–15:30

Top quark production and properties at the LHC

Speaker

Markus Cristinziani

15:30–16:00

Coffee break

16:00–16:30

Overview of SM and Higgs results at ATLAS and CMS

Speaker

Andrea Massironi

16:30–17:00

BSM / SUSY / Exotics searches at ATLAS and CMS

Speaker

Nikolaos Rompotis

17:00–17:30

Higgs flavor specific decays at ATLAS and CMS

Speakers

Colin Jessop, Colin Jessop

17:30–18:00

New Physics implications from ϵ'/ϵ

Speaker

Kei Yamamoto

18:00
