## Casa d'Arte Futurista Depero

[http://www.mart.trento.it/context.jsp?ID\\_LINK=683&area=137](http://www.mart.trento.it/context.jsp?ID_LINK=683&area=137)

The Casa d'Arte Futurista Depero is the only museum founded by a futurist – Depero in 1957 – in accordance with an irreverent and prophetic project: innovation, irony, the knocking down of all hierarchy in the arts. The building was located in the elegant historic centre of medieval Rovereto. Depero, a pioneer of contemporary design, personally oversaw every detail: the mosaics, furniture, painted panels.
