

# The 4th Conference of the Polish Society on Relativity

## Tuesday, 26 September 2017

### Black holes and entropy (15:50 - 17:30)

time	[id] title	presenter
15:50	[63] Black hole hair formation in shift-symmetric generalised scalar-tensor gravity	BENKEL, Robert
16:10	[68] Einstein-Weyl spaces and near horizon geometry	DUNAJSKI, Maciej
16:30	[42] Non-Schwarzschild black-hole metrics in alternative theories of gravity: analytical approximations	KONOPLYA, Roman
16:50	[85] Linear perturbations of spherically symmetric black holes in Lovelock theories	ZHIDENKO, Alexander
17:10	[84] Kappa-deformation as an ultraviolet cutoff	KOWALSKI-GLIKMAN, Jerzy
