

Session Program

30 March 2017 to 1 April 2017

FCPPL Quarkonium Production Workshop ***Prospects for the fixed target mode at the*** ***LHC***

Peking University

B105, West Building of School of Physics (Next to the Metro Station "PKU East Gate", across the street from the main PKU entrance)

Saturday 1 April

09:00

Prospects for the fixed target mode at the LHC

Session |

Location: Peking University, B105, West Building of School of Physics (Next to the Metro Station "PKU East Gate", across the street from the main PKU entrance)

09:00–09:40 **Results from SMOG-LHCb**

Speaker

Patrick Robbe

09:45–10:25 **The AFTER@LHC project and quarkonium production studies**

Speaker

Jean-Philippe Lansberg

10:30–11:00 **Coffee break**

11:00–12:00 **Round table**

12:00
