

Session Program

8-10 Jan 2007

Ringberg workshop on non-perturbative QCD of jets

Power Corrections

Schloss Ringberg

Tagungsstätte der MPG 83700 Rottach-Egern ++49 8022 2790 www.rzg.mpg.de/ringberg-castle

Monday 8 January

09:00

Power Corrections

Session |

Location: Schloss Ringberg, Tagungsstätte der MPG 83700 Rottach-Egern ++49 8022 2790 www.rzg.mpg.de/ringberg-castle

09:00–09:30

Threshold and power corrections to jet distributions at hadron colliders

Speaker

Lorenzo Magnea

09:30–10:00

Dispersive approach in Sudakov resummation (including event shapes)

Speaker

Georges Grunberg

10:00–10:30

Event shape in flavour tagged events in e^+e^- annihilation at LEP

Speaker

Manjit Kaur

10:45–11:15

coffee break

11:15–11:45

Infrared Freezing of Euclidean QCD Observables

Speaker

Chris Maxwell

11:45–12:15

Applicability of PQCD on basic hadronic processes

Speaker

Goran Duplancic

12:30
