

Session Program

25-26 Apr 2017

11th Gentner Day

Gentner Presentations

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

Wednesday 26 April

09:00

Gentner Presentations

Session | **Location:** CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

09:00–09:20

Status of the Gentner Programme

Speaker

Michael Hauschild

09:20–09:40

Discussion

09:40–10:10

Experience by a former Gentner Student

Speaker

Daniel Fink

10:10–10:40

Doctoral Student Presentations I

Subcontributions

On the way to fire propagation simulation of electrical cables in tray arrangements

Speaker

Tristan Hehnen

10:40–11:00

Coffee Break

11:00–12:30

Doctoral Student Presentations II

Subcontributions

Collection and analysis of UFO dust samples from LHC

Speaker

Laura Katharina Grob

Measurements on the Towerjazz Investigator test-chip as potential monolithic active pixel sensor technology for the ATLAS ITk

Speaker

Christian Riegel

A novel high-precision mass-measurement method as part of ISOLTRAPs heart

Speaker

Andree Welker

12:30
