

**Session Program**

26-27 Apr 2017

**Rare n Strange 2017: strange physics at  
LHCb**

***Thu afternoon***

# Thursday 27 April

14:15

## Thu afternoon

**Session** | **Location:** Santiago de Compostela

14:15–14:45 **Status of  $K \rightarrow \pi \ell^+ \ell^-$  decays in the Standard Model**

**Speaker**

Jorge Portoles

14:50–15:10 **Final states with two muons and a neutral particle**

**Speaker**

Miriam Lucio Martinez

15:15–15:35 **Kaon decays to electrons**

**Speaker**

Carla Marin Benito

15:40–16:00 **Triggering on kaon decays at LHCb**

**Speaker**

Jessica Prisciandaro

16:05–16:25 **Purely flavor-changing  $Z'$  bosons and where they might hide**

**Speaker**

Patrick Foldenauer

16:25
