

International Workshop on Partial Wave Analyses and Advanced Tools for Hadron Spectroscopy

Contribution ID: 47

Type: **not specified**

Discussion session for baryons within the PDG

Thursday 16 March 2017 11:00 (20 minutes)

Recent activities of the PDG are reviewed together with plans for further improvements. Topics include the criteria for including new results and changes in the presentation of particle properties.

Author: Dr WORKMAN, Ron (George Washington University)

Presenter: Dr WORKMAN, Ron (George Washington University)

Session Classification: Session

Track Classification: Topic 5: Future Directions and Goals for Hadron Spectroscopy
