

International Workshop on Partial Wave Analyses and Advanced Tools for Hadron Spectroscopy

Sunday, March 12, 2017 - Friday, March 17, 2017

Bad Honnef

Scientific Program

Topic 1: Spectroscopy of Baryons, Light- and Heavy-Quark Mesons

Topic 2: Tools and Methods for Partial Wave Analyses

Topic 3: Theoretical Constraints on Amplitude Analyses

Topic 4: Hadron Spectroscopy, Lattice QCD and Models

Topic 5: Future Directions and Goals for Hadron Spectroscopy

Topic 6: Spectroscopy Input for other Fields
