

- Clearly a vibrant, energetic community with a wealth of ideas and established activities!
- Next generation, long-baseline facility:
 - Well-rehearsed scientific branch point: θ_{13} :

- Significant investment: no. of facilities limited
 - Require consensus, and well-articulated, case
 - Sensitivity comparison exists
 - Precision comparison required
- C.E.R.N. [CERN] role
 - Engineering/costing
 - Safety
 - High-power proton driver
 - Coordination/oversight /guidance
