Session Program

2-3 Feb 2017

PhD student seminar on fire simulation, hosted by HSE

Presentation of the second day

CERN, 160/1-009

Friday 3 February

08:30-09:00	
The Structi	Iral Behaviour of Fibre Reinforced Polymer (FRP) for Reinforced
Concrete (F	RC) Structures in Fire
Speaker	
Antonio Bilotta	
09:00-09:30	
Fire Inside	an Underground Station - Experimental and Numerical Investigations
Speaker	
Stephan Amec	ke-Mönninghoff
09:30-09:45	Coffee
09:45-10:15	
	ics in Tunnels: Temperature Distribution and Structural Behaviour
Fire Dynam	ics in Tunnels: Temperature Distribution and Structural Behaviour
Fire Dynam Speaker Francesco Rosi	
Fire Dynam Speaker Francesco Rosi 10:15-10:45	gnuolo
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S	
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S Speaker	^{gnuolo} Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S	gnuolo Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S Speaker	gnuolo Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S Speaker Matteo Pachera 10:45-11:15 Speaker	gnuolo Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S Speaker Matteo Pachera 10:45-11:15	gnuolo Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S Speaker Matteo Pachera 10:45-11:15 Speaker	gnuolo Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
Fire Dynam Speaker Francesco Rosi 10:15-10:45 Numerical S Speaker Matteo Pachera 10:45-11:15 Speaker Roberto Souza	gnuolo Simulation of Fire in Tunnel: from Fire Scenario to Structural Respons
