

- Reminder: the challenge deadline is today at 16:00:00 CERN time
  - **How to submit your results** (link to the readme)
  - You have to submit your results via git
    - If you can't commit to gitlab due to permissions problems, contact us now to arrange for an alternative  $\implies$  same deadline applies
  - You should commit at least 2 files: your code and a text file, containing only one number (the area under the curve, which will be used for the ranking).
  - This score should be calculated by using the full modified dataset
- The winner of the challenge will be announced in the closing talk
