## Data Collection and Monitoring update

*Thursday, 27 April 2017 16:15 (25 minutes)*

Touching on the fact that we have an ongoing data collection project and its progression to the next phase, monitoring. Talk about a couple of monitoring paths taken, ones that look promising also talk about the ones that failed.

Building upon last year, I'll discuss a bit about how to create a small data collection and monitoring setup. Instruction will be place on the HEPiX twiki.

### Length of talk (minutes)

20
