Tokyo Tier-2 Site Report

Tuesday, 25 April 2017 09:15 (15 minutes)

The Tokyo Tier-2 site, which is located in International Center for Elementary Particle Physics (ICEPP) at the University of Tokyo, is providing computing resources for the ATLAS experiment in the WLCG.

Updates on the site since the Fall 2016 meeting, including the status of batch system migration and an implementation of redundancy in the database of the storage element, will be reported.
