KEK Computer security update

Tuesday, 25 April 2017 16:40 (25 minutes)

We present an update of KEK computer security since HEPiX spring 2016. Over this past year, several security incidents occurred in KEK and Japanese academic sites. Consequently, we are forced to change our computer security strategy.

In this presentation, we also report our experiences, practices, and future plans on KEK computer security.

Length of talk (minutes)

20

Scheduling constraints / preferences

Primary authors: Dr YUASA, Fukuko (KEK); Dr MURAKAMI, Tadashi (KEK); Mr BABA, Ryouichi (KEK); Mr NAKAMURA, Teiji (KEK); Mr HASHIMOTO, Kiyoharu (KEK); Dr SUZUKI, Soh (KEK); Mr NISHIGUCHI, Mitsuo (KEK); Prof. KANEKO, Toshiaki (KEK)
