

HEPiX Spring 2017 Workshop

Thursday, 27 April 2017

Grids, clouds, virtualisation (09:00 - 10:40)

| time | [id] title | presenter |
|-------|---|-------------------------|
| 09:00 | [5] The Computing Resource Information Catalog | DI GIROLAMO, Alessandro |
| 09:25 | [46] ElastiCluster - automated deployment and scaling of computing and storage clusters on IaaS cloud infrastructures | MURRI, Riccardo |
| 09:50 | [35] CERN Cloud service update: Containers, migrations, upgrades, etc. | FIGUEIRAS, Luis |
| 10:15 | [54] Container Orchestration - Simplifying Use of Public Clouds | COLLIER, Ian |

Grids, clouds, virtualisation (11:15 - 12:30)

| time | [id] title | presenter |
|-------|--|------------------------------------|
| 11:15 | [17] System testing service developments using Docker and Kubernetes: EOS + CTA use case | LEDUC, Julien |
| 11:40 | [57] Distributed computing in IHEP | ZHANG, Xiaomei |
| 12:05 | [24] Understanding performance: optimisation activities in WLCG | KIRYANOV, Andrey SCIABA, Andrea |
