

Session Program

25-27 Jun 2009

LHeC Pre-meeting: Small x and high parton densities

Diffractive final states in e - p and e - A

CERN, 14/4-030

Saturday 27 June

10:20

Diffractive final states in e-p and e-A

Session | Location: CERN, 14/4-030

10:20-10:50 **Diffractive pseudodata**

Speaker
Paul Newman

11:05-11:25

Exclusive J/psi photoproduction in ep collisions within the dipole picture

Speaker
Graeme Watt

11:35-12:05

DVCS and vector meson production at high energies

Speaker
Laszlo Jenkovszky

12:20-12:50

Inclusive diffraction at LHeC in the dipole picture

Speaker
Cyrille Marquet

13:05
