

PHOTON'17 Intl. Conference

CERN, 22nd – 26th May 2017

<https://indico.cern.ch/e/photon2017>

((Introduction))

David d'Enterria (CERN, EP)

Albert de Roeck (CERN, EP)

Michelangelo Mangano (CERN, TH)

The International Conference PHOTON 2017 will be held at CERN, Geneva from 22th to 26th May, 2017. This conference is part of the series initiated in 1973 in Paris, as an International Colloquium on Photon-Photon Collisions at Electron-Positron Storage Rings. The latest Photon conferences took place in **Novosibirsk (2015)**, **Paris (2013)**, **Spa (2011)**, **Hamburg (2009)**, **Paris (2007)**, **Warsaw (2005)**, **Frascati (2003)**, **Ascona (2001)**, **Freiburg (2000)**, **Ambleside (1999)**, and **Egmond aan Zee (1997)**.

The topics of the conference include photon-photon and photon-hadron collisions as well as final-state photon production at current and future hadronic and lepton colliders. In addition, high-energy astrophysics gamma-rays, and photon-related searches of new physics (axions, dark/hidden photons,...) will be also discussed.

PHOTON'17 conference details (1)

■ Timetable: <https://indico.cern.ch/event/604619/timetable/#all>

Morning: 9:00–13:00 (CB: 10:30-11:00 approx.)

Lunch: 13:00–14:00

Afternoon: 14:00–18:00 (CB: 16:00–16:30 approx.)

~80 talks (50%–50% TH-EXP) of ~20'+5'(discussion)

→ **UPLOAD SLIDES ON INDICO** (login & click on your contribution)
1h BEFORE YOUR TALK

■ Sessions/Topics:

- ▶ Monday: **Photon-photon collisions in e^+e^- collisions**
+ various other topics (afternoon)

(19:00 Welcome drink)

- ▶ Tuesday: **Photon-photon, hadron collisions in hadron-hadron collisions**

- ▶ Wednesday: **Photon-hadron collisions in hadron-hadron collisions**

(19:00 Conference dinner, for those who register)

- ▶ Thursday (morning only): **Astroparticle physics with high-energy photons**
Holidays at CERN (“Sunday” canteen service). Afternoon: people can take the tram downtown.

- ▶ Friday: **Physics with final-states photons in hadron-hadron collisions**

Internet Connection

In order to have access to the Internet connection for your laptop, you need to register it via the [online laptop registration form](#). Due to the large number of participants, we recommend that you register your laptop in advance, before your actual arrival to CERN.

TH department, CERN hostels and main buildings are also covered by EDUROAM network.

For register your device on the CERN network:

- Follow the link to the [network connection request form](#)
- Enter your data and the hardware address and card type of your device (you can register at the same time both wireless and ethernet hardware addresses of the same machine can be registered at the same time)
- Enter your arrival and departure dates and the reason of your visit
as contact person select Gianolio Elena

You can register as many devices as you need in this way (please one registration for device)

Once at CERN, if you did not registered your device earlier or if something went wrong, just open a web browser and follow the indication you will get on it

■ Proceedings: Either with PoS or CERN-Proceedings (Instructions will be delivered by the end of the conference)

■ Any other issues? Michelle.Connor@cern.ch (TH secretary) Or via: photon-2017@cern.ch (Michelle + conf. chairs)

■ Weather forecast:

WE HOPE YOU ENJOY THE CONFERENCE !
