

# Welcome to LBL

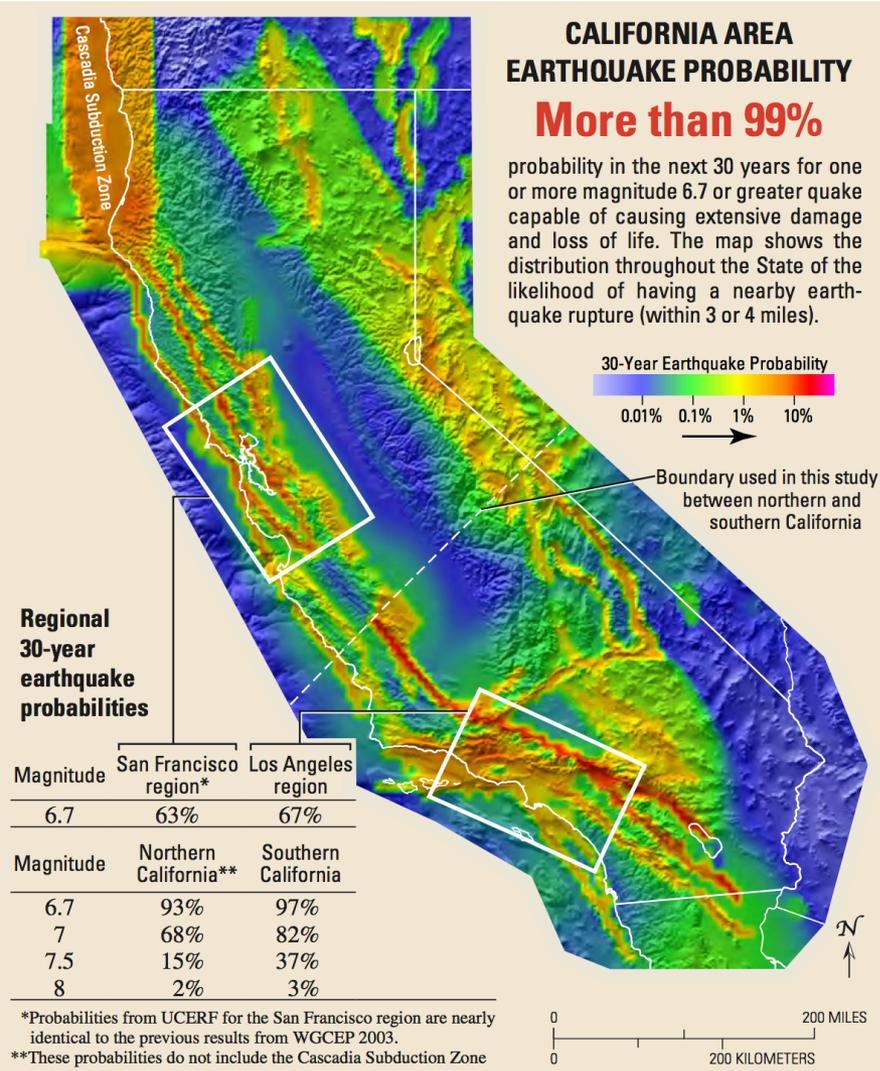

# Welcome to LBL

---

- You found the first room – good job so far!
- The shuttle up and down is free (don't be shy)
- There are exits all around you
- If you need anything, ask!
  - If you need to call into a meeting from up here, that can be arranged; “fortunately” most of them are over by 9am...
- Follow the crowd – lunch is only a short walk away
  - At the moment, I cannot lock the room up, so leaving stuff is *at your risk*. I'm hyper-paranoid, so I will probably take my stuff with me, unless some folks are staying in the room during lunchtime.

# This is California

If there is an earthquake, don't panic.

- If you are indoors, stay there. Quickly move to a safe location in the room such as under a strong desk, a strong table, or along an interior wall. The goal is to protect yourself from falling objects and be located near the structural strong points of the room. Avoid taking cover near windows, large mirrors, hanging objects, heavy furniture, heavy appliances or fireplaces.
- If you are cooking, turn off the stove and take cover.
- If you are outdoors, move to an open area where falling objects are unlikely to strike you. Move away from buildings, powerlines and trees.
- If you are driving, slow down smoothly and stop on the side of the road. Avoid stopping on or under bridges and overpasses, or under power lines, trees and large signs. Stay in your car.
