

# Beyond Standard Model: From Theory To Experiment (BSM-2017)

## Sunday, 17 December 2017

### Experimental Session (11:30 - 13:30)

time	[id] title	presenter
11:30	[56] Summary of ATLAS SM results	X. LI
12:10	[54] Status of SUSY Searches in ATLAS	DE JONG, P.
12:50	[55] Summary of ATLAS Higgs Physics	Z. YANG

# Monday, 18 December 2017

## Experimental Session (11:30 - 13:30)

time	[id] title	presenter
11:35	[69] Searches for New Physics with CMS	DE ROECK, A.
12:15	[68] CMS Upgrade and Future	MEOLA, S.
12:55	[70] Higgs Physics at the High Luminosity LHC and future colliders	DE FILIPPIS, N.

# Wednesday, 20 December 2017

## Experimental Session (15:00 - 17:00)

time	[id] title	presenter
15:00	[83] ATLAS future perspectives and upgrade	MILIC, A.
15:40	[84] Exotics searches in CMS	DE ROCK, A.
16:20	[97] Highlights of ATLAS Top physics results	KANZAKI, J.

# Thursday, 21 December 2017

## Experimental Session (09:00 - 11:00)

time	[id] title	presenter
09:00	[86] Exotics Searches in ATLAS	WANG, R.
09:40	[88] CMS MS Higgs Physics	SPANRING, M.
10:20	[87] The Belle II experiment: status and physics prospects	SUZUKI, K.
