

# Beyond Standard Model: From Theory To Experiment (BSM-2017)

## Sunday, 17 December 2017

### Theory Session (09:00 - 11:00)

time	[id] title	presenter
09:00	[101] Scale hierarchies and string cosmology	ANTONIADIS, I.
09:40	[102] Global model building with branes at singularities	ETXEARRIA, I. G.
10:20	[103] Properties of non-supersymmetric string vacua	ANGELANTONJ, C.

# Wednesday, 20 December 2017

## Theory Session (11:30 - 13:30)

time	[id] title	presenter
11:30	[79] Constraining Neutrino Masses and the Cosmological Constant from Quantum Gravity Conjectures	VALENZUELA , I.
12:10	[80] Quantum Corrections, Higher Curvature Terms and Singularity Crossing	AWAD, A.
12:50	[81] Magnetogenesis in cyclical cosmology	LEITE, N.
