

NuFact 2017

Uppsala, Sweden

September 25 – 30, 2017

NUFACT 2017 is the 19th in a series of interdisciplinary and inter-regional workshops involving experimenters, theorists and accelerator physicists from the Asian, American and European regions, who share the common goal of reviewing the results of currently operating experiments and designing the next generation of experiments with neutrinos from accelerators .

Scientific Program Committee:

A. Blondel, Uni. de Genève
A. Bogacz, JLAB
A. Bross, FNAL
M. Dracos, IPHC/CNRS
T. Ekelöf, Uppsala Uni. (Chair)
M. Goodman, ANL
D. Harris, FNAL
T. Hasegawa, KEK
P. Huber, Virginia Tech
E. Kemp, UNICAMP, Brazil
T. Kobayashi, KEK
T. Koseki, KEK
K. Long, Imperial College London
J. Morfin, FNAL
H. da Motta, CBPF Brazil
T. Nakaya, Kyoto Uni.
J. Nelson, FNAL
M. Olvegård, Uppsala Uni. (Scient. Secr.)
V. Palladino, INFN Napoli
P. Soler, Uni. of Glasgow
F. Terranova, Uni. Milano-Bicocca
