

SAFM

Innovation for Change

Young Talents | Real Challenges | New Technologies

The Program:

Innovation for Change (I4C) is an Impact Innovation project of 5 months to tackle global challenges that are proposed by industry to guide and create projects by interdisciplinary teams of excellence using technology from top research centres.

Challenges of global significance

Provided by Challenge Guides

given to

Interdisciplinary teams of talents

Coming from Schools of Excellence

The participants comprise of:

- MBA fellows from [SAFM](#)
- PhD from [Politecnico di Torino](#)

helped with

Cutting-edge Technology

From Top Research Centres

The technologies are sourced from:

- [CERN Knowledge Transfer](#)
- [Technology Transfer - PoliTO](#)
- [Italian Institute of Technology](#)

Important Project Dates 2017:

- 
Feb'17
 Initiation in
 CERN
- 
Mar'17
 11th Saturday
 12th Sunday
- 
Apr'17
 1st Saturday
 2nd Sunday
- 
May'17
 13th Saturday
 14th Sunday
- 
June'17
 17th Saturday
 18th Sunday
 30th June
