## Overview

Dear 3rd ATTRACT TWD participant,

together with our colleagues from CERN we have put in our best efforts to make your visit in Tripolis as easy, pleasant and fruitful as possible. In the following pages we provide you with some information regarding the way to get to Tripolis, how to move in the city, where the venue is located etc.

The vast majority of the people in Greece speak English; most stores accept credit cards; most signs are in both Greek and English. Therefore we have no doubt that you will not encounter any problem. But if at any time you feel uneasy, please feel free to contact us for help. Andriana, Victoria and Vaggelis and will be happy to assist you.

## Transportation

Athens International Airport "Eleftherios Venizelos" (IATA code ATH) is located approximately 190 km from Tripoli and is the main entrance to Greece for those traveling to Tripoli. Kalamata International Airport "Captain Vassilis Constantakopoulos" (IATA code KLX) is located considerably closer at 80 km from Tripoli, but it serves flights from fewer destinations and has fewer public transportation options to relay to Tripoli. Kalamata airport is a good choice if you have a convenient flight from your city of departure and are planning to rent a car.

### Athens International Airport to Tripoli

In order to facilitate your trip from Athens International Airport to Tripoli and back we have arranged for a bus shuttle (see below). If you wish to travel independently, or the shuttle time plan is not convenient for you, there are many options to choose from. Hiring a taxi is the most convenient, renting a car the recommended and using public transportation the cheapest (but not recommended, as there is no direct connection and there are no quick and convenient combinations of transportation means available).

### Taxi

Trip time: approximately 2 hours.

Cost: approximately €175.

A taxi ride from the airport to Tripoli will take approximately 2 hours and could. Taxi ride scams are uncommon, but to be on the safe side we strongly recommend pre-booking online in order to have a pre-agreed fixed price. For example, you can use <https://www.welcomepickups.com/athens/airport-transfer-book/>

### By car

Trip time: approximately 2 hours.

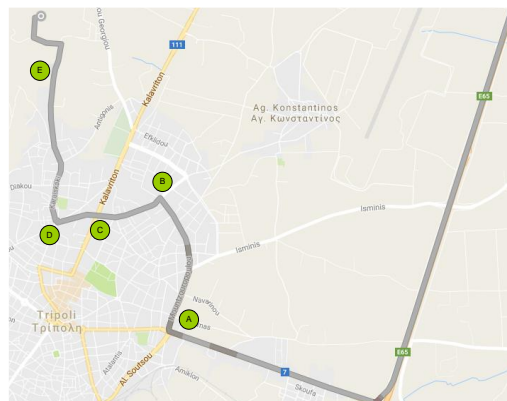

Cost: €20 - €25 for fuel and approximately €12 for tolls. Please note that toll booths do not support payment with credit card, you will need to be carrying cash. The cost estimation does not include rental costs.

There is only one road leaving the airport. Approximately 6 km later take exit K2 on the right to merge onto Attiki Odos/A6/E94 toward ELEFSINA/ATHINA. You can recognize it by the following logo.

Approximately 45 km later, as Attiki Odos comes to an end, continue to follow E94 on the right towards Korinthos for approximately 60 km. Take Korinthou Tripoleos/A7/E65 on the left (signs for Tripoli/Kalamata) and follow it for approximately 70 km. At the end of the long straight take the exit on the right towards Tripoli. You are now entering the city.

As you exit the highway turn right at traffic lights onto Nafpliou and stay on this road until you reach the third traffic lights, in front of supermarket “AB Vasilopoulos” (Point A on the map). Turn right onto Mountzouropoulou and reach the end of the road (Point B on the map). Turn Left onto Agiou Konstantinou.

If your destination is Tripoli City Hotel of the symposium venue go straight until the second traffic lights (Point D on the map). Turn right joining Karaiskaki. This will take you out of the city, in front of Tripoli City Hotel (Point E on the map). The venue is at the top of the hill. One left turn, one right turn and you are there.

## Public Transportation
