

XXXI International workshop on high energy physics "Critical points in the modern particle physics"

Contribution ID: 19

Type: Talk

## Measurement of Cross Sections and Couplings of the Higgs Boson using the ATLAS Detector

*Friday 7 July 2017 10:00 (35 minutes)*

ATLAS results on cross sections and couplings of the higgs boson will be reviewed. Results from the LHC Run1 will be presented followed by available updates using data from Run 2

**Presenter:** STUGU , Bjarne (University of Bergen, Norway)

**Session Classification:** Morning session
