

Joint annual meeting of Swiss and Austrian Physical Societies 2017

Friday, 25 August 2017

Astronomy and Astrophysics - Room 14 (11:15 - 13:45)

time	[id] title	presenter
11:15	[32] □91□ Open questions in the formation of binary stellar systems containing black holes.	FRAGKOS, Anastasios
11:45	[339] □92□ The spin of the second-born Black hole in coalescing double BH binaries	Mr QIN, Ying
12:00	[34] □93□ Fermi acceleration under control: η Carinae	WALTER, Roland
12:30	[407] □94□ The Evolution of Supermassive Population III Stars	Dr HAEMMERLÉ, Lionel
12:45	[408] □95□ Observation of Exoplanetary Atmospheres with High-Resolution Transmission Spectroscopy	WYTTENBACH, Aurélien
13:15	[188] □96□ Quantifying degradation of a cavity detector in a total solar irradiance instrument on a FengYun3 satellite	Dr LI, Huiduan
