

Session Program

6-11 Jun 2010

eurorib'10

EURORIB 2010

Fundamental Interactions

Village de Vacances de Lamoura
39310 Lamoura France

Monday 7 June

14:50

Fundamental Interactions

Session | **Location:** Village de Vacances de Lamoura, 39310 Lamoura France

14:50–15:20 **“Fundamental Interaction Studies with Radioactive Nuclei”**

Speaker

Prof. Nathal Severijns

15:20–15:50 **Time-Modulation of Two-Body Weak Decays with Massive Neutrinos**

Speaker

Dr Paul Kienle

15:50–16:10

Limits on tensor-type weak currents obtained with beta-asymmetry measurements in nuclear decays.

Speaker

Mr Frederik Wauters

16:10
