

BNL Site Report

OSG All Hands Meeting
06 - 10 March, 2017

Xin Zhao
Brookhaven National Laboratory, USA

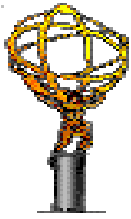

BNL Site Report

- Storage Services

Services	Version	IPv6
dCache	2.10 (upgrade to 3.0 soon)	After dCache upgrade
FTS	3.5.7	Yes (dual stack)

- dCache 3.0 upgrade in March (highlights of some new features)
 - Support RFC VOMS proxy
 - Improved SRM/NFS performance
 - Non-blocking invocation of HSM external scripts

BNL Site Report

- Cloud Storage (BNLbox)
 - Similar to the commercial services like DropBox, Google Drive and MS One Drive, allows users to store any data or documents on the Cloud resources
 - See Hiro's talk for more details
- AFS phase-out at BNL
 - By end of April
 - Will set up a local cvmfs stratum 0
- HTCondor-CE and Local Site Mover
 - Done (see John's talk for more details)
