

## Weekly Recap:

- Learning Continuation
  - Continued learning how to use Labview and its peripherals
  - Met with Rosh to go over project Laura sent us as a guide
  - Briefly looked through other programs from team

## Looking Forward:

- Primary Goals for Next Week:
  - Continue learning about Labview and its uses
  - Meet with Laura and Rosh to go over project further
    - Hopefully complete project
  - Attempt to grasp a larger scale view of the project and how I might assist the team best
