WP8: Communication

Carsten Welsch

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 653782.

- **Communication plan** established and activities well underway;
- **Brochure** will be sent to all project members for display and further distribution;
- **Posters** about project goals and background will be established and distributed;
- Overview **video** done (please share), educational videos being prepared;
- New '**spotlight on**' series will be started to present people behind project
- **Help** in wider communication needed (images, stories, distribution,...)
- **Collaboration week** and **Symposium** being planned – input needed re national industries that should be invited

Thanks for all your contributions!!
