# Collaborative environment

## Suggestions

Indico workshop 2.0 CERN, October. 2017

# Indico chat

Instant chat for participants of the  
conference

# Contacting user groups

Way to contact group of e.g.  
category managers

# Number of personally attending participants

Display the number of participants that will attend personally (e.g. useful for restaurant booking)

# Backup/restore interface for administrator

Backup Indico data from Indico UI,  
schedule backups

# Way to remove inactive accounts

Remove Indico accounts not active  
for specific period of time

# Room booking – notify about booking cancelation

Performed under user request
