

# QCD@LHC2017

## Monday, 28 August 2017

### Parton Distribution Functions and Soft QCD (11:00 - 12:30)

time	[id] title	presenter
11:00	[13] Measurements of low energy observables in proton-proton collisions with the ATLAS Detector	MYSKA, Miroslav
11:30	[55] Exclusive physics results at CMS	SURANYI, Oliver
12:00	[57] Damping the energy-rise of the proton-proton cross section: interplay of perturbative and nonperturbative effects	OSTAPCHENKO, Sergey

# Thursday, 31 August 2017

## Parton Distribution Functions and Soft QCD (16:00 - 17:30)

time	[id] title	presenter
16:00	[51] Measurements of event properties with jets in CMS	SARKAR, Tanmay
16:30	[50] Multi-differential jet cross sections in CMS	BERMUDEZ MARTINEZ, Armando
17:00	[32] Markov Chain Monte Carlo technics applied to Parton Distribution Functions determination: proof of concept	GABIN GBEDO, Yemalin Mr GBEDO, Yemalin Gabin
