

Session Program

29-30 May 2017

Database Futures Workshop

Requirements for run3&4

CERN, IT Auditorium

Monday 29 May

11:10

Requirements for run3&4: (I)

Session | **Location:** CERN, IT Auditorium | **Conveners:** Dario Barberis, Eva Dafonte Perez

11:10-11:30

Outlook for Accelerator Databases

Speaker

Chris Roderick

11:30-11:50

ALICE database requirements

Speaker

Costin Grigoras

11:50-12:10

Evolution of ATLAS ADC relational databases

Speaker

Gancho Dimitrov

12:10-12:30

Evolution of the ATLAS Metadata architecture and databases

Speakers

Davide Costanzo, Borut Paul Kersevan

12:30

14:00

Requirements for run3&4: (II)

Session | **Location:** CERN, IT Auditorium | **Conveners:** Eva Dafonte Perez, Dario Barberis

14:00-14:20

ATLAS requirements for conditions DB for Run 3 and beyond

Speaker

Andrea Formica

14:20-14:35

CMS Database Overview

Speaker

Giacomo Govi

14:35-14:50

The LHCb experiment offline databases and LHCb requirement for RUN3

Speaker

Luca Tomassetti

14:50
