## The All-Sky Automated Survey for Supernovae (ASAS-SN)

*Friday, 11 August 2017 17:00 (30 minutes)*

I will summarize the All-Sky Automated Survey for Supernovae (ASAS-SN), the first astronomical survey to observe the entire visible sky for bright optical transients on a nightly basis.

**Primary author:** Dr KOCHANЕК, Christopher (Dept. of Astronomy, The Ohio State University)

**Presenter:** Dr KOCHANЕК, Christopher (Dept. of Astronomy, The Ohio State University)

**Session Classification:** Multi-messenger

**Track Classification:** Multi-messenger (incl. gravitational waves) and nuclear astrophysics
