

EMIS 2018

Monday 17 September 2018

Session 3- Target and Ion Source Techniques - 500/1-001 - Main Auditorium (14:15 - 15:30)

-Conveners: Hanna Franberg Delahaye

time	[id] title	presenter
14:15	[172] The laser ionisation toolkit for ion beam production at thick-target ISOL facilities	Dr MARSH, Bruce
14:35	[66] TRIUMF resonance ionization laser ion source operation lessons & highlights	LASSEN, Jens Dr LI, Rouhong
14:55	[27] EBIS debuncher performances	UJIC, Predrag
15:10	[168] Molecular beams in the ISOL process	BALLOF, Jochen
