

Session Program

16-21 Sept 2018

EMIS 2018

Session 3- Target and Ion Source Techniques

CERN, 500/1-001 - Main Auditorium

Monday 17 September

14:15

Session 3- Target and Ion Source Techniques

Session | Location: CERN, 500/1-001 - Main Auditorium | Convener: Hanna Franberg Delahaye

14:15-14:35

The laser ionisation toolkit for ion beam production at thick-target ISOL facilities

Speaker

Dr Bruce Marsh

14:35-14:55

TRIUMF resonance ionization laser ion source operation lessons & highlights

Speakers

Jens Lassen, Dr Rouhong Li

14:55-15:10

EBIS debuncher performances

Speaker

Predrag Ujic

15:10-15:25

Molecular beams in the ISOL process

Speaker

Jochen Ballof

15:30
