

## **Session Program**

**16-21 Sept 2018**

## **EMIS 2018**

### ***Session 13 - Applications of radioactive ion beams***

CERN, 500/1-001 - Main Auditorium

## Thursday 20 September

14:15

### Session 13 - Applications of radioactive ion beams

**Session** | **Location:** CERN, 500/1-001 - Main Auditorium | **Convener:** Magdalena Kowalska

14:15–14:45

#### EMIS for Health

**Speaker**

Ulli Köster

14:45–15:00

#### Beta-detected Nuclear Magnetic Resonance: From nuclear physics to biology

**Speaker**

Robert Dale Harding

15:00–15:15

#### Production of intense mass separated $^{11}\text{C}$ beams for PET-aided hadron therapy

**Speaker**

Simon Thomas Stegemann

15:15–15:30

#### Very high specific activity Er-169 production

**Speaker**

Roberto Formento Cavaier

15:30
