

## Session Program

16-21 Sept 2018

## EMIS 2018

### ***Session 14 - Applications of radioactive ion beams***

CERN, 500/1-001 - Main Auditorium

## Thursday 20 September

16:00

### Session 14 - Applications of radioactive ion beams

Session | Location: CERN, 500/1-001 - Main Auditorium | Convener: Valentine Fedosseev

16:00-16:20

**Laser Isotope Separation revisited - radioisotope purification by resonance ionization mass spectrometry at Mainz University**

**Speaker**

Klaus Wendt

16:20-16:40

**Applications of  $\beta$ -radiation detected NMR in wet chemistry, biochemistry and medicine**

**Speaker**

Dr Monika Stachura

16:40
