

Diffuse Synchrotron Emission in Clusters of Galaxies - What's Next?

Tuesday, 24 October 2017

Tuesday Morning: I (09:00 - 10:30)

-Conveners: Huib Intema

time	[id] title	presenter
09:00	[41] Cosmological simulations of clusters	PFROMMER, Christoph
09:45	[42] A Lagrangian view on the gamma-ray and diffuse radio emission in galaxy clusters	WITTOR, Denis
10:05	[43] Origin of magnetic fields in clusters	Prof. BRÜGGEN, Marcus

Tuesday Morning: II (10:50 - 12:30)

-Conveners: Huib Intema

time	[id] title	presenter
10:50	[44] Observations of magnetic fields in clusters	GOVONI, Federica
11:15	[45] Magnetic fields measurements in cluster	VACCA, Valentina
11:40	[46] Deep JVLA observations of the Toothbrush galaxy cluster	Ms RAJPUROHIT, Kamlesh
12:00	[47] Cluster magnetic fields: the rest of the story	RUDNICK, Larry
