

Session Program

23-27 Oct 2017

Diffuse Synchrotron Emission in Clusters of Galaxies - What's Next?

Wednesday Morning

Hortus Botanicus, Leiden

Wednesday 25 October

09:00

Wednesday Morning: I

Session | **Location:** Hortus Botanicus, Leiden | **Convener:** Emma Storm

09:00–09:45 **Observations of galaxy clusters in X-rays**

Speaker
Maxim Markevitch

09:45–10:10 **X-ray observations of cluster shocks**

Speaker
Hiroki Akamatsu

10:10–10:35 **SZ observations of clusters shocks**

Speaker
Kaustuv Basu

10:35

11:00

Wednesday Morning: II

Session | **Location:** Hortus Botanicus, Leiden | **Convener:** Emma Storm

11:00–11:25 **Cluster population studies**

Speaker
Rossella Cassano

11:25–11:45 **Study of non-merging massive clusters at low frequency**

Speaker
Federica Savini

11:45–12:10 **Ultra-steep spectrum radio relics in clusters**

Speaker
Tracy Clarke

12:10–12:30 **Ultra Steep Spectrum Sources in Galaxy Clusters**

Speaker
Soumyajit Mandal

12:30
