

PASCOS 2017**Tuesday 20 June 2017****Parallel V - Audio Room (14:30 - 16:00)**

time	[id] title	presenter
14:30	[144] LFV Higgs decays in low-scale seesaw models within the mass insertion approximation	ARGANDA, Ernesto
14:45	[19] The Zee model: connecting neutrino masses to Higgs lepton flavor violation	Dr HERRERO GARCIA, Juan
15:00	[16] SMASH, a simple extension of the SM to address dark matter, inflation, baryogenesis, the strong CP-problem and neutrino masses	Dr BALLESTEROS , Guillermo
15:15	[133] E_6-extended SUSY trinification	WESSÉN, Jonas
15:30	[31] Probing Non-holomorphic MSSM via precision constraints, dark matter and LHC data	Prof. CHATTOPADHYAY, Utpal
15:45	[40] Cosmological implications of unification with D-parity	YAJNIK, Urjit
