

# SUSY07

## Thursday, 26 July 2007

### Colliders - Susy Phenomenology 2 (Experiment) - Gaede-Auditorium (16:30 - 18:30)

| time  | [id] title  | presenter                |
|-------|---|--------------------------|
| 16:30 | [324] Inclusive Search for Squark/Gluino Production at CDF  | D'ONOFRIO, Monica        |
| 16:50 | [160] Searches for squarks and gluinos in Jets+Missing Transverse Energy<br>Final states with the D0 Detector | SHAMIM, Mansoor          |
| 17:10 | [323] SUSY Searches in all-hadronic states with large MET at the LHC  | TYTGAT, Michael          |
| 17:30 | [320] SUSY sensitivity in final states with leptons jets and MET at the LHC                                   | , Massimiliano Chiorboli |
| 17:50 | [228] Strategy for early SUSY searches at the LHC   | YAMAMOTO, Shimpei        |
| 18:10 | [231] Trigger strategy for SUSY searches at the LHC   | DE SANTO, Antonella      |
