

Session Program

18-19 May 2017

Symposium of the Center for Network and Storage Enabled Collaborative Computational Science

Related Projects

University of Michigan, North Quad room 2435
School of Information 105 S. State St. Ann Arbor, MI 48109-1285

Thursday 18 May

13:45

Related Projects: Related Projects

Session |

Location: University of Michigan, North Quad room 2435, School of Information 105 S. State St. Ann Arbor, MI 48109-1285 |

Convener: Prof. Krishna Garikipati

13:45-14:15

ConFlux: An Ecosystem for Data-enabled Computational Physics

Speaker

Prof. Karthik Duraisamy

14:15-14:45

OSiRIS: Targeting the Multi-science, Multi-institutional Collaborative Data Challenge

Speaker

Shawn Mc Kee

14:45-15:15

The NESE Project

Speaker

Prof. Saul Youssef

15:15
