

**OSG T3 Support  
US Atlas Meeting  
Aug 19-20, 2009**

Dan Fraser, Marco Mambelli  
OSG Production Coordinator  
OSG Tier-3 Liason

## ● New T3s coming online

- Currently ~40 T3s
- 20-40 potential new T3s soon (CMS + Atlas)
- Stack def'n still in process
- Cluster Mgmt (Rocks?)  
OSG + Atlas stack  
Bestman + XRootD
- ~ 10s – 1000s of cores
- ~ 2 - 20 Tbytes min
- ~ ¼ FTE to manage ??
- T3 Site Admins are often physicists ☺

## ● OSG Support for T2's and T3's

Do what OSG does best:

-OSG software

Integration

Packaging

Support

Operations

Documentation

*-Extend to Cluster setup*

-Community Building

Coordination

Workshops

*Networking Tools*
