ATLAS EXPERIMENT

SCIENCE WRITING WORKSHOPS @ CERN

MAY 2017

Join author and theoretical physicist **Tasneem Z. Husain** for a series of science writing workshops for physicists. Participants will learn how to write for a lay audience in a manner that not only informs and explains, but also encourages readers to establish a relationship with ideas, thus promoting a public engagement with science.

Register for the beginners workshop (18-19 May) and advanced workshop (22-24 May) at:
