ANNOUNCEMENTS

ICIS 2017

Update on Reviewing

An updated email will be sent today to list papers you have to review.

(If there are changes with respect to the first one, this new one is correct.)

Instructions for reviewers (download, review format) will be sent by the end of the conference.

Please note, we do not accept paper submission if the poster is absent.
Reviewers: You will not have to make the review if no poster was present.
