

Light driven Nuclear-Particle physics and Cosmology 2017 (LNPC'17)

Thursday 20 April 2017

Physics in intense fields (10:50 - 12:30)

time	[id] title	presenter
10:50	[21] Neutrino decay to electron and W-boson in a superstrong magnetic field in the Early Universe	KUZNETSOV, Alexander
11:30	[22] Interplay between strong fields in QED and QCD	ITAKURA, Kazunori
12:00	[23] Strong-field QED in tightly focused laser beams	DI PIAZZA, Antonino
