

## **Session Program**

**28-29 Sept 2006**

# **FP420 Collaboration meeting**

***Plenary session***

CERN

# Thursday 28 September

08:40

## Plenary session

Session | Location: CERN, 13-3-05

10:00-10:10 **Finalizing the agenda**10:10-10:30 **Intro and announcements****Speaker**

Brian

10:30-11:00 **Status of RF simulations and laboratory****Speaker**

Federico

11:00-11:30 **Interface of FP420 to LHC****Speaker**

Detlef

11:30-12:00 **Cooling****Speaker**

Jaak

12:00-12:30 **Plans for alignment test bench****Speaker**

Jo

14:00-14:30 **Comments on Pile-up background****Speaker**

Mike

14:30-14:50 **CP Higgs simulation****Speaker**

Dmitry Zaborov

14:50-15:00 **Simulation results****Speaker**

Sasha

15:00-15:15 **beam line simulation BDSIM****Speaker**

Rob

15:15-15:35 **Geant3 based studies****Speaker**

Risto

15:35-15:55 **Proton simulation studies with Hector**

17:40

**Speaker**

Louvain

15:55-16:55

**Discussion session on backgrounds**
