

Report from CLICdp speakers committee

Naomi van der Kolk, Eva Sicking, Igor Boyko
clicdp-speakcom@cern.ch

CLICdp Collaboration Meeting

30 August 2017

CLICdp talks this summer (1)

- 18th Lomonosov Conference,
24-30 Aug, Moscow, Russia
 - “**Physics with CLIC**” by [Ivanka Bozovic-Jelisavcic](#)
- Lepton Photon 2017,
07-12 Aug, Guangzhou, China
 - “**Status of CLIC**” by [Victoria Martin](#)
- BOOST 2017, 17-21 Jul, Buffalo, USA
 - “**Jet reconstruction and boosted object tagging at CLIC**” by [Rickard Ström](#)

CLICdp talks this summer (2)

- Future Colliders For Fresh Physicists,
17 Jul, CERN
 - **“Physics at CLIC”** by [Lucie Linssen](#)
- Physics at CLIC (theory workshop), 17 Jul, CERN
- 19th Workshop on Radiation Imaging
Detectors (iWoRiD), 02-06 Jul, Krakow, Poland
 - **“The test beam results of SOI pixel detector”**
by [Marek Idzik](#) and [Roma Dasgupta](#)

CLICdp talks this summer (3)

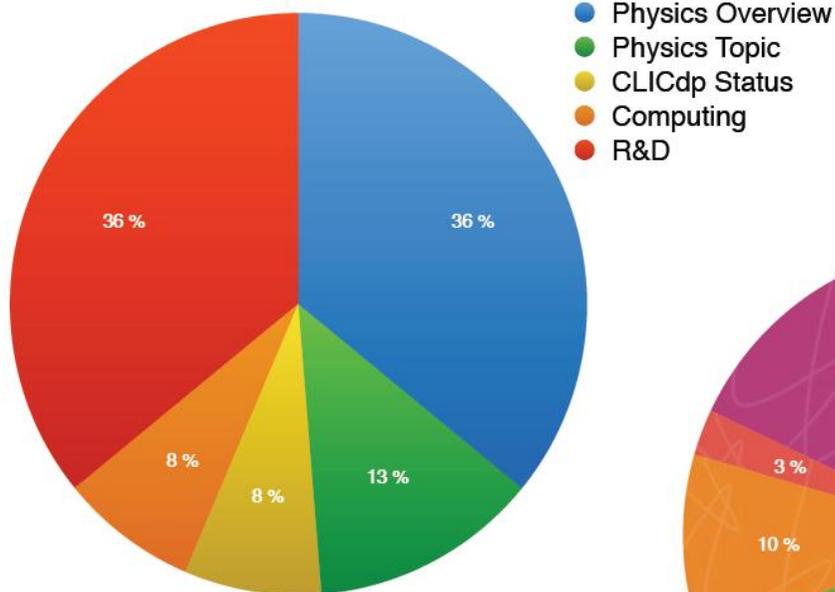

- **EPS-HEP 2017**, 05-12 Jul, Venice, Italy
 - **“Higgs and BSM physics at CLIC”** by **Gordana Milutinovic-Dumbelovic**
 - **“Toward precision top quark measurements at linear colliders”** by **Naomi van der Kolk** (joint talk with ILC)
 - **“The CLIC detector”** by **Matthias Weber**
 - **“Electroweak precision measurements at CLIC”** by **Matthias Weber** (poster)

CLICdp talks this summer (4)

- Americas Workshop on Linear Colliders (AWLC 2017), 26-30 Jun, SLAC
 - “**Status of CLIC detector and physics**” by **Alberto Ruiz Jimeno**
 - “**New physics results from the CLIC detector studies**” by **Frank Simon**
- Workshop on top physics at the LC, 07-09 Jun, CERN

Statistics: last 12 months talks

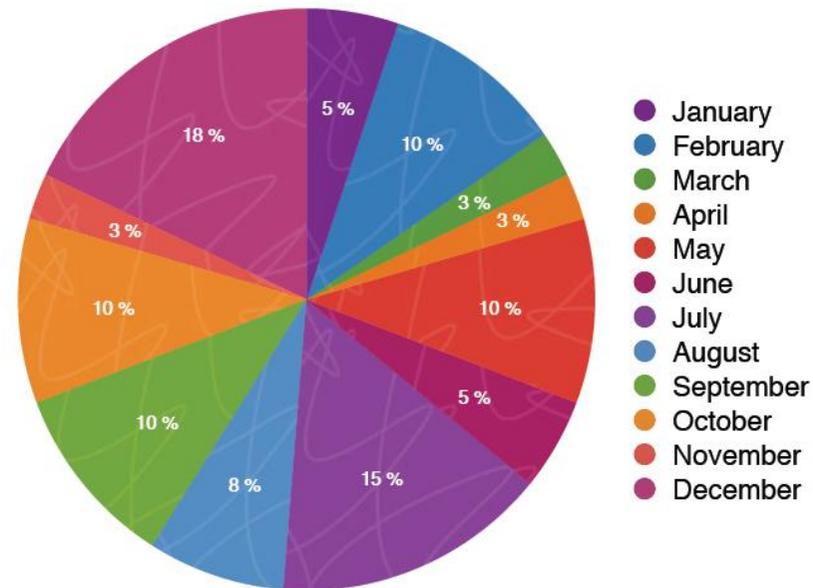

About what?

23 different speakers.
Most talks given by
Andreas Nürnberg: 4 R&D talks

Conference contributions
since last CLICdp august meeting:
37 talks, 2 posters

When?

Upcoming CLICdp talks (1)

- Corfu summer institute, 02-10 Sep, Corfu, Greece
 - **“CLIC overview”** by Philipp Roloff
- Position sensitive detectors 11, 03-08 Sep, Milton Keynes, UK
 - **“Characterisation of capacitively coupled HV/HR-CMOS sensor chips for the CLIC vertex detector”** by Iraklis Kremastiotis
- International Workshop on Vertex Detectors (VERTEX-2017), 10-15 Sep, Las Caldas, Spain
 - **“Silicon Pixel R&D for CLIC”** by Andreas Nürnberg

Upcoming CLICdp talks (2)

- Topical Workshop on Electronics for Particle Physics (TWEPP-2017), 11-15 Sep, Santa Cruz, USA
 - **“A data acquisition system for the CLIC vertex detector readout chip”** by [Adrian Fiergolski](#)
- Hiroshima Semiconductor Tracking Detectors (HSTD11), 10-15 Dec, Okinawa, Japan
 - **“Silicon pixel-detector R&D for CLIC”** by [Dominik Dannheim](#)

Don't miss: abstract deadlines

- Workshop on Future Linear Colliders (LCWS2017),
23-27 Oct 2017, Strasbourg, France
 - Abstract submission via Speakers Committee
- International Workshop on the CEPC,
06-08 Nov 2017, Beijing, China
 - Abstract deadline: 20 Oct 2017
- 7th Conference on HEP in the LHC Era,
08-12 Jan 2018, Valparaiso, Chile
 - Abstract deadline: 20 Nov 2017
 - CLICdp contributions invited by organizers
 - Will submit abstracts centrally via SC

Speakers committee news and info

- 15 May: Igor Boyko replaced Marcel Vos as SC member
- TWiki of upcoming conferences:
<https://twiki.cern.ch/twiki/bin/view/CLIC/UpcomingConferences>
 - Let us know if a conference is not yet listed
- SC email: clicdp-speakcom@cern.ch
 - Please send us your abstracts
 - Inform us if you need a rehearsal, or...
 - ... send us your slides at least 2 days before the talk!
