

EYH 2017 CERN CONTRIBUTION

INTRODUCTION

Sarah & Nicoletta

- **Expand Your Horizon:** one day conference to stimulate the girl's interest in math and science through hands-on activities, to provide them with female scientist role models, and to foster awareness of opportunities in math and science-related careers
 - See Aniko's talk
- CERN takes part to the Geneva's EYH since several editions
 - This year: **18th Nov, 2017**
 - CERN workshops organized and ran by volunteers. Sarah and I are taking care of the organization for this year and any help is more than welcome!
- Goal of the meeting today:
 - Inform new comers
 - Discuss possible extensions/modifications/improvements/additions of the CERN workshops
- The main hall of Geneva University is organized in stands, one per company/lab taking part to EYH
 - See Sarah's talk
- CERN ran 3 workshops
 - Sophie, Maria, Sarah
- We would like to add a fourth workshop, since the computing area

- We would like to add a fourth workshop to promote computing related topics
 - See Hannah's talk
- We offered to contribute to the parents conference as well
 - See Ioanna's talk
- Why not expand to other CERN areas?
 - See Manuela's talk

By the end of June we have to organize the teams for the various workshop.

In the past we had 3-4 people per workshop, but if we could double the number of volunteers, the day would be less stressing and more fun
